

## **Water Shortage Warning Public Service Announcement**

### **15 seconds**

The St. Johns River Water Management District has enacted a Water Shortage Warning for counties in north and east-central Florida due to drought conditions. Help protect our drinking water supply. Visit [www.sjrwmd.com](http://www.sjrwmd.com) for water saving tips.

### **30 seconds**

The St. Johns River Water Management District has enacted a Water Shortage Warning for 18 counties in north and east-central Florida due to ongoing drought conditions.

Did you know that more than half of our fresh, drinkable water is used outdoors for landscape irrigation? You can help protect our drinking water supply by using water wisely year-round. Visit [www.sjrwmd.com](http://www.sjrwmd.com) for water saving tips.
